28 March 2017

Dear Martin,

Further to our meeting on 16 March 2017, I can confirm that we agreed to extend the current Memorandum of Understanding (MOU) until 30 September 2017. It is unfortunate that, notwithstanding the work that has been undertaken to date, we have not yet reached a position where we are able to finalise the revised MOU.

Despite this formal extension until end September 2017, our firm intent is to sign the revised MOU by 30 May 2017 and that is the date to which we will continue to work. I consider that this short extension will enable us the opportunity to further discussion and resolve any outstanding concerns.

Yours sincerely,

*Deana*
