13 July 2018

Dear Martin

MSSC MOU EXTENSION

As you will be aware, the MOU is near to completion, however there is one issue that both our lawyers are looking at which is hopefully very close to resolving.

I understand that you have already engaged with [REDACTED] about this issue, we therefore propose an extension of three months until 30 September 2018 to allow us to resolve this in proper time. It is anticipated that given that we are very near to completion, the MOU will be agreed much sooner.
